Forming Machine Operator

Location: Oconto, WI
Reports to: Forming Supervisor
Schedule: Full-time | 7:00AM to 3:30PM | Monday through Friday
Comp | Benefits: Based on experience | Health, Life, Dental, Vacation, Paid Holidays, Profit Sharing, 401(k)

POSITION DESCRIPTION

This position works in a fast-paced manufacturing team environment to create custom plastic parts by setting up and operating various types of vacuum thermoforming machines. Responsibilities include but are not limited to those described herein.

RESPONSIBILITIES

- Apply work order instructions to machining and quality control procedures.
- Work closely with Supervisors and other Operators to understand job requirements.
- Operate forklift to retrieve part molds and to load/unload molds into machines.
- Set up forming machines according to specifications. Operate various hand tools.
- Load plastic sheet material into position. Run and inspect first part to verify proper setup.
- Complete in-process visual quality checks throughout forming process to verify parts meet specifications.
- Perform minor mold repairs and coordinate larger repairs.
- Multitask and maintain pace while running multiple machines.
- Document work onto hardcopy work orders, and use computer manufacturing software to log in/out of jobs.
- Work closely with Supervisors and Operators to efficiently react to schedule changes and troubleshoot issues.
- Maintain a safe work environment according to guidelines and standards.

PREFERRED QUALIFICATIONS

- Previous role in machining or strong mechanical aptitude required.
- Ability to use simple mathematics: addition/subtraction, multiplication/division, fractions, and decimals.
- Technical degree or trade program coursework is a plus.
- Ability to work in an environment with high summer temperatures and humidity.

PREFERRED ATTRIBUTES

- Strong mechanical aptitude.
- Able-bodied self-starter, comfortable working in a fast-paced environment.
- Team player with positive, flexible attitude.
- Ability to prioritize daily tasks. Detail and process-oriented.
- Ability to troubleshoot, problem-solve, and utilize resources.
- Dedicated work ethic.

ABOUT LETOURNEAU PLASTICS, INC.

LeTourneau Plastics, Inc. has been a pioneer in custom vacuum thermoforming of plastic components for nearly 50 years. Using virtually 80% recycled material, the company specializes in producing and assembling high quality cosmetic parts for a wide variety of industries within the United States and internationally; transportation, aviation, agriculture, food service, lawn and garden, recreation, health care, marine, etc. The company also assists in the design of parts to reduce tooling expense and minimize cost for customers. The 140,000-sq.ft. facility in Oconto, Wisconsin includes two manufacturing plants, warehousing, office space, pattern and tooling shop with six milling centers, 15 forming machines, two 3-axis CNC routers, and nine 5-axis CNC routers. As a third-generation-owned company, success and consistent growth has developed from a commitment to building enduring relationships with customers and surrounding communities.
